

Solar Light Towers

SLT-600

Trailer-Mounted/Silent light towers

Silent led lighting solar light towers

- BRIGHTER's Solar Light Towers are ideal for Outdoor Night Operation or Work, especial for where electricity is out of reach, and/or in application where noise is an issue, silent power is the only option. Brighter's Wide Area Long Lasting LED Floodlight Mobile Solar Power Portable LED Light Towers provides light without noise, and without an external power supply. The energy-efficient LEDs on these solar light towers are powered by batteries, which are charged automatically via adjustable solar panels. Our Solar Power LED lights mounted on Mobile solar light towers are with latest LED technology in this industry. It is a must for local traffic management, roadwork safety, etc
- Designed as a low voltage LED Light Tower, the Portable Solar Light Tower introduces a difference in night-time lighting. Green, efficient, and noiseless lighting can be placed nearly anywhere and is self maintaining.

1. 9 Meter collapsible tower
2. 2000 Watt Solar Array
3. 600 Watt LED System
4. 66000 Lumens
5. MPPT Charge Controller
6. 24V or 48V 1200 AH AGM Battery Bank

- Brighter energy is the future and solar light towers are a smarter, cheaper alternative to traditional diesel light towers. Brighter solar light towers are built to perform in every environment. From construction sites to mining camps. Brighter can provides all kinds of reliable, bright lighting.

Whether your need for lighting and security is temporary or long-term, Brighter manufactures portable light towers to fit your needs. These towers range from small units fitting in the back of a truck, to large self-contained trailers, boasting 400 watts of power and 44000+ lumens. Better yet, Solight can manufacture any trailer to meet your size, power and light requirements, we customize.

No more maintenance. No more fueling No more sound and smells.

The portable light tower is the most efficient and environmentally friendly option on the market for construction and work sites, government and state agencies, mining ectors, road work, weddings, outside events, golf courses, parking lots and anywhere else you might need light, power or surveillance remotely.

Solar light towers range from 100 watt to 1500 watt towers and can be customized to fit your specific needs.

power is the only option. Brighter™ Product Parameters

	Brighter SLT-600		
Brighter	Mobile Light Tower		
Mobile Light Tower			
Lumens	66000	Illuminating Field	5 to 7 acres
Lamps	LED	Battery Capacity	1200AH
Mast	Manual	Wattage	4*150W
Battery Voltage	24V or 48V	Rotation	360 degrees
Lamp Cable Connection	IP65	Maximum Height	30FT/9 M
Mast Sections	Multi Sections	Battery Type	AGM deep cycle solar storage batteies maintenance free
Solar panel type	Monocrystalline silicon tempered glass	Type of Lamp	LED lamp,110L/W
Soalr panels total watt	8*250W	Dimensions	2750×1750×2380MM(L×W×H)
Trailer	With 5 points manual outriggers extended and all jack down	Weight	1200 KG
